The proposed new location is inside the Village Stores in Chapel Street (opposite the Green).

For detailed information on the plan, and a form for submitting your comments, [please go to the Post Office's consultation page](#)

. You can also comment (deadline 21st May 2015) using a leaflet available from the Post Office and from the Village Stores. Although the new location (on a dangerous bend) is not ideal, it is better than no Post Office at all, so it would be a good idea to let the Post Office know about your needs.

The move itself is proposed to happen in July or August 2015.
