What's On In Landbeach - October 2020

Well done to all in Landbeach and the Cambridge area in general who have kept the Covid-19 infection rate low round here. It has all got a bit tedious, hasn't it? But please don't let up with the trinity of:

Hand wash and sanitise
Wear a facemask
Give other people space

It's only because we have all been so good about this that we are relatively free of infection.

Who knows where the stained glass below is located? The Latin motto "Spero meliora" strikes me as very appropriate, as one possible translation is "I hope it gets better".

Items for Nov are needed by Tues 20th Oct, please. Barbara Le Gallez, 113 Waterbeach Rd, 01223 860283, blegallez@yahoo.co.uk

LANDBEACH PARISH COUNCIL

‘What’s On’ October 2020

Please – do not leave waste bins on the paths, as it makes it difficult for prams and mobility scooters to get past without going on to the road.
Overgrown hedges and parking on pavements are a problem in keeping social distance. The paths are not wide enough.

Litter Pick – A Litter Pick was carried out on 11th September, around 14 people came to help. A lot of rubbish was collected. Thank You to all the volunteers.

Milton Colts – Milton Colts will be playing most Saturdays through to January on Saturday mornings at 10 a.m.

Disposal of PPE – Please do not put disposable masks and gloves in the blue bins, which can cause issues at the recycling sorting facility as well as potentially putting staff at risk. These items cannot be recycled.

The County Council – has joined forces with the District Council and Solar Together to improve energy efficiency and reduce carbon emissions. Home owners in Cambridgeshire will soon have an opportunity to club together to buy and install solar panels at a reduced price. From 1 September households and small and medium sized premises can register for free and without obligation for the group buying scheme by visiting www.solartogether.co.uk/-cambridgeshire.

Urban and Civic – There will be a meeting with U&C in early October. This will be with a Working Group from the Parish Council and two from U&C. A report will then be sent to Councillors for approval.

Cambridge Waste Water Treatment Plant Relocation – the Parish Council is extremely unhappy with the proposal to relocate the sewage Works onto Green Belt land. Site 1 would have a severe and unacceptable impact on the village of Landbeach. The consultation period ended on 14 September and the Parish Council submitted a response.

A10 Upgrading Proposals – A Working Group to look at the A10 proposal has been set up. They will report back to full Council. This will then go to Parishioners.

North East Cambridge Area Action Plan – The North East Cambridge Area Action Plan consultation is now live. This can be found on https://greatercambridgeplanning.org/ for 10 weeks up to 2 October.

Call for Sites - The Greater Cambridge shared planning service has just published the result of its Call for Sites. The number of sites (and amount of land) submitted is very much greater than the likely requirement. There will be a Public Consultation in 2021. Sites put forward can be viewed on an interactive map: https://www.greatercambridgeplanning.org/emerging-plans-and-guidance/greater-cambridge-local-plan/document-library/site-submissions

Parish Council details:

Clerk:

landbeachparishcouncil@gmail.com

Telephone: 07724 047656

Please report any problems to the Clerk.
Please leave your contact details
and she will be happy to call/respond to messages.

Zoomed Parish Council meetings are due to be held on:
5 October, 2 November and 12 December.

It is hoped we will be able to start using the Village Hall again next year.

If you would like to join one of these meetings, please contact the Clerk.

Would you like to be an 'Event Volunteer'?

We are looking for a few extra 'Event Volunteers' to join and support our small charity. As an Event Volunteer you will help us provide a warm, friendly, socially distanced welcome to visitors to the Tithe Barn. You will assist at events such as open days and art exhibitions. Events usually take place at weekends, occasional evenings and during school holidays. Naturally, we follow government guidance closely.

What's in it for you? Making new friends, volunteering in an amazing place and knowing that you're helping a great cause – three fabulous reasons to volunteer with us. If you'd like to get involved email tithebarntrust@gmail.com or visit https://do-it.org/organisations/tithe-barn-trust to find out more about our volunteering opportunities.

Did you know that you can **hire the Tithe Barn** for a private event, such as a small gathering? The Barn now makes a charming historic venue set in a secluded location. Email tithebarntrust@gmail.com or visit https://tithebarntrust.org.uk/venue-hire/weddings-and-special-events/

The Tithe Barn Trust

is a small charity receiving no government funding with a 98 year lease of the Tithe Barn. It costs £19 per day to run and maintain the Barn. The urgent repair works completed in February just before lockdown.

But we need your help to do more! Become a Friend of the Tithe Barn Trust today. In return, you will receive an invitation to events each year, regular E-newsletters and discounted Barn hire. Your membership will help protect and maintain this special Grade II listed Tithe Barn.

Network Rail consultation-
Ely area capacity enhancement scheme

The railway around Ely is an important and busy part of the network where five railway lines converge, providing routes for trains operated by Greater Anglia, Great Northern, East Midland and Cross-Country services. It is also an important part of the strategic freight network connecting the Port of Felixstowe to the West Midlands and the North. Ely station is a key interchange for passengers when travelling to destinations including Cambridge to the south, Peterborough to the north-west, the north-east. We are therefore looking at options to improve the railway in the area to enhance its capacity, which is why we are consulting with local residents and stakeholders to get feedback on our plans.

The consultation is open from 21st September to 1st November. If you would like to view the proposals and give us your comments, you can do so at www.elyareacapacity.com. Alternatively if you like to see these plans in a hard-copy booklet format, you can request it by contacting me via the email address below, and recipient name, quantity and address of delivery.

Mobile Libraries

The next mobile library visit to Landbeach will be Friday 16th October, 1.30-2.00pm

Our mobile libraries will return to the roads of Cambridgeshire on 21st of Sept. The fleet will be headed by two brand new vehicles.

We will be returning to our regular dates, times and stops, but unfortunately access to the vehicle is limited to help keep staff safe and we will be providing books selected in advance.

Customers can pre-order books to collect from our usual reservation service https://cambridgeshire.spydus.co.uk currently FREE of charge, or the New Select and Collect service which allows you to request a collection of books based on your tastes https://cambridgeshire-self.achieveservice.com/service/Select_and_Collect or by calling 0345 045 5225.

Simply chose the mobile library as a pick up point and order as far in advance as possible) to ensure a selection is ready and issued for you to pick up from your stop (ideally a week in advance, but we will do our best with forms received after this).

All regular and new users are very welcome.

The mobile library will have a drop box which you can return books to. They will then be quarantined for 3 days before being taken off your account, and then put back into circulation.

If you have any queries contact the team - MobileLibraries@cambridgeshire.gov.uk

Oracle Art Installation at the Tithe Barn

By local sculptor and installation artist Theo Gayer-Anderson.

Theo says "Oracle is a fully immersive audio and visual installation that celebrates the rise of jellyfish in our toxic oceans and draws attention to the very real and imminent dangers of climate change. The Tithe Barn makes the perfect setting to showcase my work."

The installation artwork will occupy the entire timber frame Tithe Barn, so that the spectator has to walk through in order to engage fully with the work of art. What makes installation art different from sculpture or other traditional art forms is that it is a complete unified experience, rather than a display of separate, individual artworks. The focus on how the viewer experiences the work and the desire to provide an intense experience for them is a dominant theme in installation art.

The temporary installation will be free for the public to view on Saturday 10th, Sunday 11th, Saturday 17th and Sunday 18th October by timed entry. A limited number of tickets are now available to pre-book at https://tithebarntrust.org.uk/learning/2020-events/ . Booking essential, so book now to avoid disappointment.
