What's On In Landbeach - April 2022

Land Speech

Skachbow, Unwins Field, Banworth.
There must have been a time before these names.
Did farmers shrug when asked where they worked,
Or did they use an ancient tongue, even closer to the earth?

Old Field, Dunstal Field, Frith Fen.
Every patch of land so carefully reckoned.
Were there maps on wood or hide, now lost?
Do people care about these things as much now as then?

High Field, Mill Field, Downfenslade.
They named them so that they could know them.
You could wander all day through ancient words;
Never get lost in the world that they made.

Meadow Field, Flood Acre, Stodfold.
We can walk in them now, but for how much longer?
Will they soon become buildings and roads?
In our shiny new world, what will be left of the old?

– Jeff Bronks (inspired by Alan Brownjohn's For a Journey)

East West Rail – a message from Lucy Frazer MP

Many constituents have been in contact with me about East West Rail (EWR) particularly during its consultation phase. The project plans to provide a link between Oxford and Cambridge, and from an early stage, EWR has indicated that its preferred approach is for the railway to enter Cambridge via the south and the new Cambridge South Railway Station.

Any alternative route, in particular, a route that entered Cambridge from the north and via Cambridge North Railway Station, would cause significant disruption to villages such as Histon, Impington, Milton, Landbeach, Waterbeach and Horningsea, and I responded to EWR's non-statutory consultation last year outlining my opposition to this northern route.

I recently met with the East-West Rail CEO and some of his team to discuss the project, visiting some of the locations in my constituency which would be affected if the proposed railway line entered South East Cambridgeshire from the north.

From visiting the Fen Road level crossing and Landbeach Road, it was particularly evident that a northern route would negatively impact the communities of Milton and Landbeach. I have been consistent in my opposition for this northern route, and I will continue to feed in my concerns about choosing a northern route.

A statutory consultation is expected later this year when communities will be asked to give their comments on detailed proposals.

Cam Sight

Cam Sight is a Cambridgeshire charity that supports local people of all ages living with low vision and blindness to live the lives they choose. We work to enhance independence, improve well-being, and improve inclusion.

Losing your sight can have a significant impact on all aspects of life. Many people also feel increasingly lonely and isolated as their sight deteriorates. They may lose their job or find it more difficult to stay in touch with people.

Cam Sight is here to help, from providing Peer Support Groups, to emotional support and counselling, to offering access to sports and leisure activities. Get in touch if you or someone you know could benefit from support from Cam Sight.

To join in one of our fundraising events, please see our website.
